OH, THE OTHER 33!

CRAIG SAID TO BE BEST LOOKING MAN IN THE SENATE.

WENT TWICE IN ONE DAY

Billy Job Seems to Be a Pretty Regular Attendant at Church Services at State Penitentiary.

(By William Job.)

Jefferson City, Jan. 20.—The house and senate convened this afternoon. Quite a number of bills introduced, as usual some good and some without merit. So far as the general public is concerned 205 bills have been introduced in the house and 108 in the senate, beside those introduced today.

A stranger can pass his Sundays in Jefferson City very pleasant. If he wishes to attend religious services there are churches here of all denominations, and a picture show and skating rink are doing business at the same time. I attended services in the morning and afternoon at the state prison. The services are conducted in such a way that makes them very interesting, and no doubt much good comes from it.

I read the following resolution, gotten up by a member of the house:

Whereas, the supreme court of the United States, in the exercise of its law making power, has so amended the Sherman anti-trust law as to permit a reasonable restraint of trade or a reasonable monopoly to exist; therefore, be it

Resolved, That hereafter burglary, horse stealing and the buying of Bull Moose votes shall be lawful only when carried on at an unreasonable extent.

I don't think this resolution has been offered yet; possibly it may never be, unless the progressives urge it. If any of the Mooses are really interested in the matter, I will give you all the assistance I can.

There has been a bill or two, however, introduced in the house that makes fortune telling in any form a felony and punishable by not less than two years in the penitentiary. I really believe this would be a good law. A bill has been introduced compelling farmers to cut the weeds and brush on their half of the highway. A good number of the farmers in ous county do that now, just for the pride they have in keeping their farm and surroundings neat, but a law compelling them to do it without compensation might not stand the test.

The question of convict labor and how to handle it is heard on every side. I am of the opinion, after visiting the prison often in the last few years, that a radical change from the present system would work not only a hardship to the prison laborer, but the state as well. I think it should be brought about gradually.

A bill was introduced today in the senate abolishing the state capital commission, and I am of the opinion it will pass. It seems that the general impression is that they are an expensive luxury. If the commission should be abolished it would fall upon the governor, secretary of state, attorney general and auditor to fill the place of the commission without compensation.

There is a bill for consideration compelling quarterly inspection of alms houses and all eleemosynary institutions. It is a good one and ought to pass, and from reading the house papers I think a bill ought to be enacted and enforced forbidding the marriage of feeble minded people. Nodaway county has certainly had an opportunity very recently to see the good that would come from a law of that kind in the marriage of a young woman, an inmate of the county poor farm, the result of which will add more names to the roll of paupers in the state.

I think we can expect some good road legislation during this assembly. I would be pleased if a bill would be passed during this assembly requiring all executions to be made inside the walls of the state prison at Jefferson City and making necessary appropriations to build cells and equipments. I think there will be some good insurance legislation soon.

Senator Craig has introduced several good bills. I heard a party say the other day that Craig was the best looking man in the senate. You can draw on your imagination as to the look of the remaining thirty-three. I am assistant chief engrossing clerk of the senate and have oversight of quite a number of clerks.

DEATH AT QUITMAN.

Mrs. Margaret Brady Died Monday Afternoon From Long Illness—Funeral Services Near Rosendale.

Mrs. Margaret Brady, the mother of Edward O. Foland of this city, died Monday afternoon at 3 o'clock, at the home of her daughter, Mrs. Maria Hoyt of Quitman, after a long illness.

The funeral services will be held about noon Wednesday at the Gravel Wall church, four miles west of Rosendale, and burial will take place there, where other members of her family have been laid to rest.

Mrs. Brady's maiden name was Margaret Ann Spurgeon, and she was a sister of the late Tiff G. Spurgeon, who lived north of Maryville. She was born March 25, 1836, near Cincinnati, O. On the 14th of March, 1858, she was married to John Foland, whose death occurred in 1868. Mrs. Foland was again married on the 28th of March, 1871, to Henry Brady. She lived in and near Savannah for over thirty years and moved to Quitman two years ago to be near her only daughter.

Mrs. Brady had two children by her first marriage. They are Edward O. Foland of Maryville and Mrs. Maria E. Hoyt of Quitman. Five children were born of her second marriage, only one of whom is living, Bert Brady of Omaha, and there are two step-children, William Brady of Wetmore and Jesse Brady of Bolckow.

Mrs. Brady was converted when 13 years of age and had always lived a consistent Christian life. Her friends were numbered by her acquaintances.

The funeral and burial took place at Westminster church and cemetery, ten miles west of Auxvasse. Mrs. Brown, formerly Miss Stella Goodspeed, was a member of the First Baptist church of this city at the time of her marriage a few years ago, and was one of the most efficient and popular of its young people. Her death is sincerely regretted by many friends here. Her brother, Edwin Goodspeed, came to the funeral from the state university at Columbia, where he is a student, in company with his cousin, Lawrence Ogden, who had been there several days taking in special lectures in the agricultural department.

DR. TAYLOR HAS NOT GIVEN UP FIGHT FOR CENSORSHIP.

NOT UNCONSTITUTIONAL

Normal President Says It Does Not Interfere With Freedom of Speech or Press—Continue Agitation.

That President Taylor is not inclined to give up the fight for a censorship of moving picture shows, despite the reported attitude of members of the council, is evidenced by the following communication:

Editor Democrat-Forum: I ask the privilege of your space to put one or two matters clearly before the community. At the courteous request of the mayor and the city council I went to the meeting of that body at the announced time, 7:30, on Friday evening to present the moving picture matter. I remained until 8 o'clock, but there not being a quorum present no business could up to that time be transacted, and as I was compelled to be at the Beilharz recital I had to leave. I have not sought an audience with the mayor and the council and shall not do so, except as they may desire and ask it. It has been stated in the press that the mayor and the council are against the censorship of moving pictures. I have not conferred with any of them and do not know their views, and it has been intimated that such censorship is unconstitutional, as it interferes with the freedom of press and speech.

A man would have to stretch the constitution until it would crack in order to make the guarantee of freedom of press and speech give immunity to immoral, indecent and harmful pictures. To anybody of information it is well known that theatrical performances, incendiary haranguers and fakers of all kinds have been denied by municipal authority the privilege of showing, haranguing and fakering when their performances have been proved to be dangerous to the peace and moral welfare of the community. This is censorship, and it is constitutional and common sense and is just what we are asking for. When attention was called sometime ago to the character of some shows being given in this town, there appeared in the local press a defense of those shows stating that "Nothing but pictures of an uplifting and helpful character were exhibited," and yet it has been conclusively shown that some of these pictures are immoral, indecent and injurious to the moral welfare of this community. Is there any man in all the community who would dare to manifest his ignorance of municipal government and civic rights to such an extent as to say that the town council of the city of Maryville cannot say what character of pictures shall be publicly shown in this town and appoint a committee or board to see that this prohibition is carried out? This is what we are asking. Would the town council have the right to say that no immoral book shall be placed in the public library? Who would deny that the council has this right, and is there not a board already in existence that the town council would hold responsible to see that their prohibition was carried out, viz: The library board? Then in the name of just common ordinary sense how could any man say that the town council has not the right to define the character of the pictures that are to be prohibited and has not the authority to appoint a board to carry out that act of the council? Will the council do it? It needs no argument. The evil is unmistakably here. The public moral welfare demands a remedy. How shall it be applied? Until this evil is corrected we propose that the community shall know its existence and its danger. Give us safe, wholesome shows, gentlemen, and give authority to see that none other are given and the matter is settled, but until this evil is corrected I shall continue as a parent, a citizen and as one of the guardians of hundreds of young people entrusted to my care to protest against that which is immoral and vicious.

Very truly,
H. K. TAYLOR.

DIED AT SHERIDAN.

Body of Former Nodaway County Man Will Be Brought to Maryville for Burial.

Amariah Watson, a retired hardware merchant of Sheridan, died at his home there Monday and his body will be brought to Maryville Tuesday night for burial, which will take place Wednesday in Oak Hill cemetery.

Mr. Watson was a hardware merchant of Hopkins for many years, and he moved to Sheridan in 1894 and engaged in the same business until failing health compelled him to give it up. He had been ill three years of cancer.

Mr. Watson is survived by his wife, who was Miss Devorah Weaver of this county, to whom he was married in 1887. Mr. Watson had been married three times. The two children surviving, Charles A. Watson of Sheridan and Mrs. Lucy Jenkins, living in Montana, are the children of his first wife, to whom he was married in 1864. Her death occurred in 1869 and he married a second time in 1872, the second wife dying in 1875.

Mr. Watson was born April 6, 1839, in Illinois. He came to Misouri and settled at Hopkins in 1870. He was a member of the M. E. church, of the Masonic lodge and the G. A. R.

TOOK PRISONERS TO PEN.

Sheriff Started Monday Morning With Three Men for Jefferson City.

Sheriff Ed Wallace and E. C. Moberly started Monday morning for Jefferson City to deliver to the warden of the state penitentiary the three men who have been in the county jail the last few days with penitentiary sentences to serve. The men with the length of time they have to serve are:

John Beary, robbery in the second degree, five years.

George Barrett, robbery in the second degree, three years.

Frank O. Gillman, larceny from dwelling, two years.

"Prayer, Its Meaning and Scope."

The above is the subject on which Dr. Samuel Dodds will speak tonight. Mrs. F. P. Robinson will sing for us. The services are steadily gaining in interest and their influence is being manifested in such a manner as to indicate that long after the special service is closed the fruition will be evidenced in the deeper spiritual life of the church. Last night's service was very impressive. Rev. G. S. Cox sang "The Ninety and Nine" with marked effect, after which Dr. Dodds spoke on "The Blood Covenant or the Lord's Supper." The afternoon meetings are very helpful. The book of Acts lends its power and inspiration to the opportunities and perplexities of the church member of today. Tomorrow evening the subject will be "Gethsemane, the Trial and Cross." A warm welcome to all to attend these meetings.

COAL PRICES ARE TOO HIGH

Chairman Lane Convinced Complaints Well Grounded.

CONFERS WITH RAILROAD MEN

Railway Officials Unite in Declaring Impossibility of Furnishing Exact Figures as to First Value of Their Holdings.

Washington, Jan. 21.—A conference was held between Chairman Lane of the interstate commerce commission and representatives of the anthracite coal carrying railroads as a step in the commission's investigation into the operations of the roads and into the mining and sales operations of their affiliated coal companies.

Convinced that sound basis exists for complaint that the cost of anthracite coal and the charges for its transportation from the mines to the markets are excessive, the commission instituted its inquiry with a view to reducing the transportation rates on anthracite and to regulate further the methods and practices of the roads if the inquiry should warrant such action.

As one of the first steps in the investigation the committee submitted to the roads an exhaustive list of questions concerning their operations, rates, value of their property and their relations with the coal companies. As to many of the inquiries the railroads were prepared to furnish answers. It was evident, however, that as to others, such as the first cost of the properties, little information of value could be obtained from the railroad records.

The railroad officials united in declaring the impossibility of furnishing exact figures on the first cost of their properties. The railroads made respondents by the commission's proceedings are the Central of New Jersey, Delaware and Hudson, Lacakawanna, Erie, Susquehanna, Wilkesbarre and Eastern, Lehigh Valley, New York, Ontario and Western, Pennsylvania, Northern Central and Reading. Affiliated with all these are coal companies, concerning the operations of which the commission seeks information.

TELEPHONE SUIT DROPPED

Attorney General Refers Matter to Commerce Commission.

Washington Jan. 21.—Attorney General Wickersham has abandoned the proposal to attack the American Telephone and Telegraph company, or the Bell system, under the Sherman anti-trust law, and has referred the whole telephone and telegraph subject to the interstate commerce commission for investigation and regulation. The formal order to make the investigation will soon be issued by the interstate commerce commission, Mr. Wickersham announced.

Many of the questions involved in the complaints received by the department of justice against the American Telephone and Telegraph company the attorney general declared in a letter to the interstate commerce commission, could not be appropriately dealt with by the law department of the government, but should be made the subject of an investigation of the whole subject by the interstate commerce commission.

Inaugural Ball Is Declared Off.

Washington, Jan. 21.—There will be no inaugural ball in connection with the ceremonies of inaugurating President elect Wilson. The committee in charge so officially decided and was informed by the members from Trenton that should a public reception be planned in its stead Mrs. Wilson and the daughters of the president should not be expected to attend. It was decided to leave the reception feature to congress.

Incendiaries Use Gasoline Sausages

Chicago, Jan. 21.—Operations of the alleged "arson ring" and the ingenuity employed by its members in arranging incendiary fires were disclosed to State's Attorney Hoyne when he resumed his investigation of the case. In one fire under investigation it is said a score or more of sausage skins filled with gasoline were strung on wires to start the blaze. These "gasoline sausages" exploded and spread the flames.

Plans to Impeach Japanese Cabinet

Tokyo, Jan. 21.—Plans to impeach the Japanese cabinet at the reassembling of the diet today have been made by the Soiyukas party, which has a majority in the lower house, but it is thought probable that an adjournment will be taken until Feb. 5, when it is expected the budget will be introduced.

Woman Member of Utah House Dead.

Salt Lake, Jan. 21.—Mrs. Edyth Read, member of the lower house of the Utah legislature, died from nervous prostration. She was elected on the Republican ticket at the last election and her condition became critical following an exciting campaign.

Norfolk, Neb., Jan. 21.—Colonel S. S. Cotton, a Norfolk pioneer, died after a brief illness, at the age of eighty-nine.

RIVAL SPEAKERS START A RIOT

Wyoming Legislators Fight on Floor of House.

TWO CLAIM RIGHT TO PRESIDE

Row Starts When Speaker Pratt Takes Floor to Defend His Committee Appointments—Throws Speaker Pro Tem. Wood From Chair.

Cheyenne, Wyo., Jan. 21.—Though convened a week ago, the lower house of the Wyoming legislature is as far from organization as when it first assembled.

A near-riot and a personal encounter between the permanent and temporary speaker closed a session marked by an apparent attempt of Speaker Pratt, Progressive Republican, hitherto working with the scant Democratic majority, to secure for himself the control of the committee on privileges and elections, and upon which depends the seating or rejection of the three Democratic or Republican representatives, which would in turn give either party a majority in joint ballot and cause the re-election or defeat of Senator Francis E. Warren.

Speaker Pratt nominated a committee consisting of himself, three organization Republicans and three Democrats. A subcommittee named by Judge Metz by resolution named four Democrats and three Republicans, eliminating the speaker.

The speaker appointed as a committee on rules himself and two Republicans and two Democrats, and on roll call it was apparent the speaker controlled the Republicans.

Two Speakers Fight.

The Democrats attempted to put through a test vote on the committee on elections and the speaker called a Republican to the chair, whereupon Judge Metz called upon Representative Wood, a Democrat, and speaker pro tem., to take the chair. Speaker Pratt pulled Wood from the chair, assumed it himself and the house broke into tumult, with two speakers giving contradictory rulings.

After adjournment the Democrats caucused on the Metz committee and determined to force through the Democratic subcommittee on privileges and elections. In this event, it is said the Democrats will proceed to eject three Republican representatives from Lincoln county and then securing a majority on joint ballot proceed with the election to the United States senate of John B. Kendricks (Dem.), or of a Progressive Republican.

BOND FOR CLANCY REJECTED

Bail of $60,000 Offered Not Approved by Court.

Chicago, Jan. 21.—The $60,000 bonds tendered in behalf of Eugene Clancy of San Francisco were not approved by the court because of objections made by District Attorney Miller, who prosecuted the union leaders in the Indianapolis "dynamite conspiracy" trial. The bail was declared insufficient because the liability of each surety was limited by stipulation and for other reasons.

It was said that bail for Frank M. Ryan, president of the iron workers' union, and the two other Chicagoans under sentence may be perfected in a few days.

Bonds for the release of W. Bert Brown and William J. McCain of Kansas City, convicted in Indianapolis in conuection with the illegal transportation of dynamite, were approved by the United States circuit court of appeals here. The men will be released from the federal prison at Leavenworth, Kan., in a few days pending the appeal of the cases. The bonds were $30,000 in each case.

Insurance Broker Indicted for Arson

New York, Jan. 21.—Describing Henry C. Freeman, a wealthy insurance broker, who, with four other men, was indicted for complicity in the "arson trust" as a man who "has got rich out of his arson crimes," Assistant District Attorney Weller demanded that Freeman's bail be fixed at $50,000.

Millionaire Thread Maker Dies.

Prividence, R. I., Jan. 21.—News of the death in Carrick house, Ayr, Scotland, of Sir James Coats, a director of the J. & P. Coats Co., thread manufacturers, was contained in a cable gram received here. Mr. Coats was seventy-nine years old.

Western Stock Show Opens in Denver

Washington, Jan. 21.—Free lemons, or at least a 50 per cent cut in the present duty of 1½ cents a pound, assumed shape as part of the Democratic tariff revision policy of the coming extra session of congress.

Boy Robbers Arrested.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

MAY SAVE THE FOOT.

Physicians Say That Miss Hise of Quitman, Who Was Shot Saturday, is in Good Condition.

A report from Ensworth hospital at St. Joseph late Tuesday afternoon says that Miss Eliza Hise, the 18-year-old school teacher of Quitman who was accidentally shot Saturday afternoon, was resting easily at that hospital and that the chances are good that her foot will be saved.

Miss Hise is suffering from a shot wound through one of her ankles and the shooting was the result of a shotgun accidentally exploding in the hands of William Ross, 16 years old, who is her cousin, both barrels of the shotgun being discharged at the same time. Both bones were shattered. Eleven pieces of bone were taken from her foot by Dr. Le of Skidmore and Dr. Townsend of Quitman.

Miss Hise was taken to Ensworth hospital Sunday morning, accompanied by her uncle and aunt, Mr. and Mrs. Charles Ross, and by Mr. and Mrs. Major Collins of Quitman. Miss Hise was making her home with the Ross family while teaching the Carden school.

SEVERAL CASES STILL PENDING

Jefferson City, Jan. 21.—Attorney General Barker has grave doubts whether a great deal is to be gained in the future from the prosecution of corporations for violations of the anti-trust laws if they are to be permitted to pay fines and then increase the cost of commodities to the public sufficient to more than make up for all losses. There are several of these prosecutions now pending in the supreme court which he will prosecute to a finish, three of them being against the Armour, Swift and the Morris packing companies. The prosecution against the lumber companies is pending before the court.

The fines collected from state corporations help the state revenue fund to a considerable extent, but the process of collection is very tedious and no legislature would make appropriations against such anticipated revenue.

SLUGGING STORY A FAKE

Kansas City Girls Invented Weird Tale to Cover Extravagance.

Kansas City, Jan. 21.—Ina Standford and Nellie Busch, fourteen-year-old girls, whose story of being robbed by a negro, brought out a patrol wagon and police ambulance and threw a quiet residence section into a near panic, confessed that they invented the story to save Nellie from punishment after the girls had "had a good time" on $5 given Nellie by her mother to pay a gas bill.

Mud-bedraggled, weeping and screaming the girls appeared at the rear door of a neighbor's house. Both apparently fainted. They were taken to the city hospital in an ambulance and told the robbery story. In their confession the girls said after they had spent most of the money on moving pictures and candy, they suddenly thought of punishment to come. Turning into an alley near home, they rolled in the mud, tore their skirts and took out their hair pins, then ran down the alley screaming. They chose the home of a neighbor known to be sympathetic and "fainted" upon the back porch.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well.

I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

VOLUME 3. MARYVILLE, MISSOURI, TUESDAY, JAN. 21, 1913. NO. 199.

OH, THE OTHER 33!

CRAIG SAID TO BE BEST LOOKING MAN IN THE SENATE.

WENT TWICE IN ONE DAY

Billy Job Seems to Be a Pretty Regular Attendant at Church Services at State Penitentiary.

(By William Job.)

Jefferson City, Jan. 20.—The house and senate convened this afternoon. Quite a number of bills introduced as usual some good and some without merit. So far as the general public is concerned 205 bills have been introduced in the house and 108 in the senate, beside those introduced today.

A stranger can pass his Sundays in Jefferson City very pleasant. If he wishes to attend religious services there are churches here of all denominations, and a picture show and skating rink are doing business at the same time. I attended services in the morning and afternoon at the state prison. The services are conducted in such a way that makes them very interesting, and no doubt much good comes from it.

I read the following resolution, gotten up by a member of the house:

Whereas, the supreme court of the United States, in the exercise of its law making power, has so amended the Sherman anti-trust law as to permit a reasonable restraint of trade or a reasonable monopoly to exist; therefore, be it

Resolved, That hereafter burglary, horse stealing and the buying of Bull Moose votes shall be lawful only when carried on at an unreasonable extent.

I don't think this resolution has been offered yet; possibly it may never be, unless the progressives urge it. If any of the Mooses are really interested in the matter, I will give you all the assistance I can.

There has been a bill or two, however, introduced in the house that makes fortune telling in any form a felony and punishable by not less than two years in the penitentiary. I really believe this would be a good law. A bill has been introduced compelling farmers to cut the weeds and brush on their half of the highway. A good number of the farmers in ous county do that now, just for the pride they have in keeping their farm and surroundings neat, but a law compelling them to do it without compensation might not stand the test.

The question of convict labor and how to handle it is heard on every side. I am of the opinion, after visiting the prison often in the last few years, that a radical change from the present system would work not only a hardship to the prison laborer, but the state as well. I think it should be brought about gradually.

A bill was introduced today in the senate abolishing the state capital commission, and I am of the opinion it will pass. It seems that the general impression is that they are an expensive luxury. If the commission should be abolished it would fall upon the governor, secretary of state, attorney general and auditor to fill the place of the commission without compensation.

There is a bill for consideration compelling quarterly inspection of alms houses and all eleemosynary institutions. It is a good one and ought to pass, and from reading the house papers I think a bill ought to be enacted and enforced forbidding the marriage of feeble minded people. Nodaway county has certainly had an opportunity very recently to see the good that would come from a law of that kind in the marriage of a young woman, an inmate of the county poor farm, the result of which will add more names to the roll of paupers in the state.

I think we can expect some good road legislation during this assembly. I would be pleased if a bill would be passed during this assembly requiring all executions to be made inside the walls of the state prison at Jefferson City and making necessary appropriations to build cells and equipments. I think there will be some good insurance legislation soon.

Senator Craig has introduced several good bills. I heard a party say the other day that Craig was the best looking man in the senate. You can draw on your imagination as to the look of the remaining thirty-three. I am assistant chief engrossing clerk of the senate and have oversight of quite a number of clerks.

Mrs. Cora Trullinger spent Tuesday in St. Joseph on business.

DEATH AT QUITMAN.

Mrs. Margaret Brady Died Monday Afternoon From Long Illness—Funeral Services Near Rosendale.

Mrs. Margaret Brady, the mother of Edward O. Foland of this city, died Monday afternoon at 3 o'clock, at the home of her daughter, Mrs. Maria Hoyt of Quitman, after a long illness.

The funeral services will be held about noon Wednesday at the Gravel Wall church, four miles west of Rosendale, and burial will take place there, where other members of her family have been laid to rest.

Mrs. Brady's maiden name was Margaret Ann Spurgeon, and she was a sister of the late Tiff G. Spurgeon, who lived north of Maryville. She was born March 25, 1836, near Cincinnati, O. On the 14th of March, 1858, she was married to John Foland, whose death occurred in 1868. Mrs. Foland was again married on the 28th of March, 1871, to Henry Brady. She lived in and near Savannah for over thirty years and moved to Quitman two years ago to be near her only daughter.

Mrs. Brady had two children by her first marriage. They are Edward O. Foland of Maryville and Mrs. Maria E. Hoyt of Quitman. Five children were born of her second marriage, only one of whom is living, Bert Brady of Omaha, and there are two step-children, William Brady of Wetmore and Jesse Brady of Bolckow.

Mrs. Brady was converted when 13 years of age and had always lived a consistent Christian life. Her friends were numbered by her acquaintances.

Mrs. Brown, formerly Miss Stella Goodspeed, was a member of the First Baptist church of this city at the time of her marriage a few years ago, and was one of the most efficient and popular of its young people. Her death is sincerely regretted by many friends here. Her brother, Edwin Goodspeed, came to the funeral from the state university at Columbia, where he is a student, in company with his cousin, Lawrence Ogden, who had been there several days taking in special lectures in the agricultural department.

DR. TAYLOR HAS NOT GIVEN UP FIGHT FOR CENSORSHIP.

NOT UNCONSTITUTIONAL

Normal President Says It Does Not Interfere With Freedom of Speech or Press—Continue Agitation.

That President Taylor is not inclined to give up the fight for a censorship of moving picture shows, despite the reported attitude of members of the council, is evidenced by the following communication:

Editor Democrat-Forum: I ask the privilege of your space to put one or two matters clearly before the community. At the courteous request of the mayor and the city council I went to the meeting of that body at the announced time, 7:30, on Friday evening to present the moving picture matter. I remained until 8 o'clock, but there not being a quorum present no business could up to that time be transacted, and as I was compelled to be at the Beilharz recital I had to leave. I have not sought an audience with the mayor and the council and shall not do so, except as they may desire and ask it. It has been stated in the press that the mayor and the council are against the censorship of moving pictures. I have not conferred with any of them and do not know their views, and it has been intimated that such censorship is unconstitutional, as it interferes with the freedom of press and speech.

A man would have to stretch the constitution until it would crack in order to make the guarantee of freedom of press and speech give immunity to immoral, indecent and harmful pictures. To anybody of information it is well known that theatrical performances, incendiary haranguers and fakers of all kinds have been denied by municipal authority the privilege of showing, haranguing and fakering when their performances have been proved to be dangerous to the peace and moral welfare of the community. This is censorship, and it is constitutional and common sense and is just what we are asking for. When attention was called sometime ago to the character of some shows being given in this town, there appeared in the local press a defense of those shows stating that "Nothing but pictures of an uplifting and helpful character were exhibited," and yet it has been conclusively shown that some of these pictures are immoral, indecent and injurious to the moral welfare of this community. Is there any man in all the community who would dare to manifest his ignorance of municipal government and civic rights to such an extent as to say that the town council of the city of Maryville cannot say what character of pictures shall be publicly shown in this town and appoint a committee or board to see that this prohibition is carried out? This is what we are asking. Would the town council have the right to say that no immoral book shall be placed in the public library? Who would deny that the council has this right, and is there not a board already in existence that the town council would hold responsible to see that their prohibition was carried out, viz: The library board? Then in the name of just common ordinary sense how could any man say that the town council has not the right to define the character of the pictures that are to be prohibited and has not the authority to appoint a board to carry out that act of the council? Will the council do it? It needs no argument. The evil is unmistakably here. The public moral welfare demands a remedy. How shall it be applied? Until this evil is corrected we propose that the community shall know its existence and its danger. Give us safe, wholesome shows, gentlemen, and give authority to see that none other are given and the matter is settled, but until this evil is corrected I shall continue as a parent, a citizen and as one of the guardians of hundreds of young people entrusted to my care to protest against that which is immoral and vicious.

Very truly,
H. K. TAYLOR.

DIED AT SHERIDAN.

Body of Former Nodaway County Man Will Be Brought to Maryville for Burial.

Amariah Watson, a retired hardware merchant of Sheridan, died at his home there Monday and his body will be brought to Maryville Tuesday night for burial, which will take place Wednesday in Oak Hill cemetery.

Mr. Watson was a hardware merchant of Hopkins for many years, and he moved to Sheridan in 1894 and engaged in the same business until failing health compelled him to give it up. He had been ill three years of cancer.

Mr. Watson is survived by his wife, who was Miss Devorah Weaver of this county, to whom he was married in 1887. Mr. Watson had been married three times. The two children surviving, Charles A. Watson of Sheridan and Mrs. Lucy Jenkins, living in Montana, are the children of his first wife, to whom he was married in 1864. Her death occurred in 1869 and he married a second time in 1872, the second wife dying in 1875.

Mr. Watson was born April 6, 1839, in Illinois. He came to Misouri and settled at Hopkins in 1870. He was a member of the M. E. church, of the Masonic lodge and the G. A. R.

TOOK PRISONERS TO PEN.

Sheriff Started Monday Morning With Three Men for Jefferson City.

Sheriff Ed Wallace and E. C. Moberly started Monday morning for Jefferson City to deliver to the warden of the state penitentiary the three men who have been in the county jail the last few days with penitentiary sentences to serve. The men with the length of time they have to serve are:

John Beary, robbery in the second degree, five years.

George Barrett, robbery in the second degree, three years.

Frank O. Gillman, larceny from dwelling, two years.

"Prayer, Its Meaning and Scope."

The above is the subject on which Dr. Samuel Dodds will speak tonight. Mrs. F. P. Robinson will sing for us. The services are steadily gaining in interest and their influence is being manifested in such a manner as to indicate that long after the special service is closed the fruition will be evidenced in the deeper spiritual life of the church. Last night's service was very impressive. Rev. G. S. Cox sang "The Ninety and Nine" with marked effect, after which Dr. Dodds spoke on "The Blood Covenant or the Lord's Supper." The afternoon meetings are very helpful. The book of Acts lends its power and inspiration to the opportunities and perplexities of the church member of today. Tomorrow evening the subject will be "Gethsemane, the Trial and Cross." A warm welcome to all to attend these meetings.

Jewel Art Club Meeting.

Misses Ola and Ora King entertained the Jewel Art club Monday night at the home of Mrs. W. J. Staples. The club first attended services at the First Presbyterian church, then had their social time together. No embroidery work was done at this meeting, as the business session, during which two new members, Misses Bertha and Ruth White, were initiated took all the time usually devoted. After initiation ceremonies a luncheon was served by the hostesses. Three members, Misses Maggie Allen, Vernie Woodard and Hazel Gove, were absent on account of sickness.

Invited Mothers' Circle.

The Mothers' Circle of Maryville has accepted the invitation of the Mothers' club of Pickering to be its guest on Friday afternoon, January 31, to hear the speakers they will have there from the home economics department of the state university at their farmers' institute. The Pickering mothers are planning something extra good at this time, and as they have been having regular programs that would be a credit to a city club, the Maryville visitors are looking eagerly to the coming meeting. Miss Nellie Nesbit of the state university, who is to be one of the speakers, is a sister of Mrs. E. L. Crowson of Pickering.

For California Guest.

Mrs. B. E. Condon entertained at dinner Sunday in honor of her daughter-in-law, Mrs. Tom Condon of Los Angeles, Cal., who arrived in the city Sunday morning. The California visitor intended going to Stanberry Monday to surprise her parents, Mr. and Mrs. Glen Butler, and visit them until the arrival of Mr. Condon, about the first of March, who is coming for a visit of a month or two in his home town. When Mrs. Condon arrived in Maryville Sunday morning at the Condon home she found her parents there waiting for her, having heard she was on the way to Maryville. Other guests of the hostess beside the members of her family at home were Mr. and Mrs. Frank Garrett. Tom Condon, who was employed on the old Nodaway Democrat a few years ago, and later engaged in business with his brother, Arthur B. Condon, has been employed on the Los Angeles Times since he went there two and a half years ago, and this will be his first vacation. Mr. and Mrs. Butler and Mrs. Condon went to Stanberry Sunday night.

COAL PRICES ARE TOO HIGH

Chairman Lane Convinced Complaints Well Grounded.

CONFERS WITH RAILROAD MEN

Railway Officials Unite in Declaring Impossibility of Furnishing Exact Figures as to First Value of Their Holdings.

Washington, Jan. 21.—A conference was held between Chairman Lane of the interstate commerce commission and representatives of the anthracite coal carrying railroads as a step in the commission's investigation into the operations of the roads and into the mining and sales operations of their affiliated coal companies.

Convinced that sound basis exists for complaint that the cost of anthracite coal and the charges for its transportation from the mines to the markets are excessive, the commission instituted its inquiry with a view to reducing the transportation rates on anthracite and to regulate further the methods and practices of the roads if the inquiry should warrant such action.

As one of the first steps in the investigation the committee submitted to the roads an exhaustive list of questions concerning their operations, rates, value of their property and their relations with the coal companies. As to many of the inquiries the railroads were prepared to furnish answers. It was evident, however, that as to others, such as the first cost of the properties, little information of value could be obtained from the railroad records.

The railroad officials united in declaring the impossibility of furnishing exact figures on the first cost of their properties. The railroads made respondents by the commission's proceedings are the Central of New Jersey, Delaware and Hudson, Lacakawanna, Erie, Susquehanna, Wilkesbarre and Eastern, Lehigh Valley, New York, Ontario and Western, Pennsylvania, Northern Central and Reading. Affiliated with all these are coal companies, concerning the operations of which the commission seeks information.

TELEPHONE SUIT DROPPED

Attorney General Refers Matter to Commerce Commission.

Washington Jan. 21.—Attorney General Wickersham has abandoned the proposal to attack the American Telephone and Telegraph company, or the Bell system, under the Sherman anti-trust law, and has referred the whole telephone and telegraph subject to the interstate commerce commission for investigation and regulation. The formal order to make the investigation will soon be issued by the interstate commerce commission, Mr. Wickersham announced.

Many of the questions involved in the complaints received by the department of justice against the American Telephone and Telegraph company the attorney general declared in a letter to the interstate commerce commission, could not be appropriately dealt with by the law department of the government, but should be made the subject of an investigation of the whole subject by the interstate commerce commission.

Inaugural Ball Is Declared Off.

Washington, Jan. 21.—There will be no inaugural ball in connection with the ceremonies of inaugurating President elect Wilson. The committee in charge so officially decided and was informed by the members from Trenton that should a public reception be planned in its stead Mrs. Wilson and the daughters of the president should not be expected to attend. It was decided to leave the reception feature to congress.

Incendiaries Use Gasoline Sausages

Chicago, Jan. 21.—Operations of the alleged "arson ring" and the ingenuity employed by its members in arranging incendiary fires were disclosed to State's Attorney Hoyne when he resumed his investigation of the case. In one fire under investigation it is said a score or more of sausage skins filled with gasoline were strung on wires to start the blaze. These "gasoline sausages" exploded and spread the flames.

Plans to Impeach Japanese Cabinet

Tokyo, Jan. 21.—Plans to impeach the Japanese cabinet at the reassembling of the diet today have been made by the Soiyukas party, which has a majority in the lower house, but it is thought probable that an adjournment will be taken until Feb. 5, when it is expected the budget will be introduced.

Norfolk, Neb., Jan. 21.—Colonel S. S. Cotton, a Norfolk pioneer, died after a brief illness, at the age of eighty-nine.

RIVAL SPEAKERS START A RIOT

Wyoming Legislators Fight on Floor of House.

TWO CLAIM RIGHT TO PRESIDE

Row Starts When Speaker Pratt Takes Floor to Defend His Committee Appointments—Throws Speaker Pro Tem. Wood From Chair.

Cheyenne, Wyo., Jan. 21.—Though convened a week ago, the lower house of the Wyoming legislature is as far from organization as when it first assembled.

A near-riot and a personal encounter between the permanent and temporary speaker closed a session marked by an apparent attempt of Speaker Pratt, Progressive Republican, hitherto working with the scant Democratic majority, to secure for himself the control of the committee on privileges and elections, and upon which depends the seating or rejection of the three Democratic or Republican representatives, which would in turn give either party a majority in joint ballot and cause the re-election or defeat of Senator Francis E. Warren.

Speaker Pratt nominated a committee consisting of himself, three organization Republicans and three Democrats. A subcommittee named by Judge Metz by resolution named four Democrats and three Republicans, eliminating the speaker.

The speaker appointed as a committee on rules himself and two Republicans and two Democrats, and on roll call it was apparent the speaker controlled the Republicans.

Two Speakers Fight.

The Democrats attempted to put through a test vote on the committee on elections and the speaker called a Republican to the chair, whereupon Judge Metz called upon Representative Wood, a Democrat, and speaker pro tem., to take the chair. Speaker Pratt pulled Wood from the chair, assumed it himself and the house broke into tumult, with two speakers giving contradictory rulings.

After adjournment the Democrats caucused on the Metz committee and determined to force through the Democratic subcommittee on privileges and elections. In this event, it is said the Democrats will proceed to eject three Republican representatives from Lincoln county and then securing a majority on joint ballot proceed with the election to the United States senate of John B. Kendricks (Dem.), or of a Progressive Republican.

BOND FOR CLANCY REJECTED

Bail of $60,000 Offered Not Approved by Court.

Chicago, Jan. 21.—The $60,000 bonds tendered in behalf of Eugene Clancy of San Francisco were not approved by the court because of objections made by District Attorney Miller, who prosecuted the union leaders in the Indianapolis "dynamite conspiracy" trial. The bail was declared insufficient because the liability of each surety was limited by stipulation and for other reasons.

It was said that bail for Frank M. Ryan, president of the iron workers union, and the two other Chicagoans under sentence may be perfected in a few days.

Bonds for the release of W. Bert Brown and William J. McCain of Kansas City, convicted in Indianapolis in conuection with the illegal transportation of dynamite, were approved by the United States circuit court of appeals here. The men will be released from the federal prison at Leavenworth, Kan., in a few days pending the appeal of the cases. The bonds were $30,000 in each case.

Insurance Broker Indicted for Arson

New York, Jan. 21.—Describing Henry C. Freeman, a wealthy insurance broker, who, with four other men, was indicted for complicity in the "arson trust" as a man who "has got rich out of his arson crimes," Assistant District Attorney Weller demanded that Freeman's bail be fixed at $50,000.

Millionairs Thread Maker Dies.

Prividence, R. I., Jan. 21.—News of the death in Carrick house, Ayr, Scotland, of Sir James Coats, a director of the J. & P. Coats Co., thread manufacturers, was contained in a cable gram received here. Mr. Coats was seventy-nine years old.

Western Stock Show Opens in Denver.

Denver, Jan. 21.—With exhibits valued at $2,000,000, the eighth annual National Western Stock show opened here, to continue throughout the week. Extensive exhibits are here from Chicago, Kansas City and St. Louis.

Tariff on Lemons to Be Lowered.

Washington, Jan. 21.—Free lemons, or at least a 50 per cent cut in the present duty of 1½ cents a pound, assumed shape as part of the Democratic tariff revision policy of the coming extra session of congress.

Boy Robbers Arrested.

Chicago, Jan. 21.—Five boy robbers, who are said by the police to have confessed to nearly a dozen holdups in the west side and the shooting of one of their victims, were arrested.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after one purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

MAY SAVE THE FOOT.

Physicians Say That Miss Hise of Quitman, Who Was Shot Saturday, is in Good Condition.

A report from Ensworth hospital at St. Joseph late Tuesday afternoon says that Miss Eliza Hise, the 18-year-old school teacher of Quitman who was accidentally shot Saturday afternoon, was resting easily at that hospital and that the chances are good that her foot will be saved.

Miss Hise is suffering from a shot wound through one of her ankles and the shooting was the result of a shotgun accidentally exploding in the hands of William Ross, 16 years old, who is her cousin, both barrels of the shotgun being discharged at the same time. Both bones were shattered. Eleven pieces of bone were taken from her foot by Dr. Le of Skidmore and Dr. Townsend of Quitman.

Miss Hise was taken to Ensworth hospital Sunday morning, accompanied by her uncle and aunt, Mr. and Mrs. Charles Ross, and by Mr. and Mrs. Major Collins of Quitman. Miss Hise was making her home with the Ross family while teaching the Carden school.

SEVERAL CASES STILL PENDING

Jefferson City, Jan. 21.—Attorney General Barker has grave doubts whether a great deal is to be gained in the future from the prosecution of corporations for violations of the anti-trust laws if they are to be permitted to pay fines and then increase the cost of commodities to the public sufficient to more than make up for all losses. There are several of these prosecutions now pending in the supreme court which he will prosecute to a finish, three of them being against the Armour, Swift and the Morris packing companies. The prosecution against the lumber companies is pending before the court.

The fines collected from state corporations help the state revenue fund to a considerable extent, but the process of collection is very tedious and no legislature would make appropriations against such anticipated revenue.

SLUGGING STORY A FAKE

Kansas City Girls Invented Weird Tale to Cover Extravagance.

Kansas City, Jan. 21.—Ina Standford and Nellie Busch, fourteen-year-old girls, whose story of being robbed by a negro, brought out a patrol wagon and police ambulance and threw a quiet residence section into a near panic, confessed that they invented the story to save Nellie from punishment after the girls had "had a good time" on $5 given Nellie by her mother to pay a gas bill.

Mud-bedraggled, weeping and screaming the girls appeared at the rear door of a neighbor's house. Both apparently fainted. They were taken to the city hospital in an ambulance and told the robbery story. In their confession the girls said after they had spent most of the money on moving pictures and candy, they suddenly thought of punishment to come. Turning into an alley near home, they rolled in the mud, tore their skirts and took out their hair pins, then ran down the alley screaming. They chose the home of a neighbor known to be sympathetic and "fainted" upon the back porch.

Won't Sign Dynamiters' Bond.

St. Louis, Jan. 21.—With the declaration by J. Wooster Lambert, a member of the Musicians' Mutual Benefit association and known as St. Louis' richest bachelor, that he would not sign the $70,000 appeal bond necessary to release P. J. Morrin and J. H. Barry from the Leavenworth penitentiary, the last hope of obtaining the freedom of the St. Louisans convicted of complicity in the dynamite conspiracy is said to have been lost.

Swanger Gets St. Louis Job.

Jefferson City, Mo., Jan. 21.—The fact that the state bank commissioner, John E. Swanger, has accepted an important post with the Mercantile Trust company of St. Louis, to become effective Feb. 3, will serve to hasten the appointment of his successor by Governor Major. Mr. Swanger's term expired Jan. 15.
